## PROJECTS

- [sreetamdas.com](#): personal website built with Next.js, TypeScript and friends; open-sourced
- [Newsletter](#): weekly issues with content from the JavaScript and web development world, and mechanical keyboards
- [Greenscreen](#): using HTML Canvas API, also presented at a conference
- [Karma](#): a colourful VS Code theme with 18000+ installs
- [2048](#): in C++ in a day

## SKILLS

React, CSS, Next.js, Redux, NodeJS, TypeScript, Elixir, Python and Styled-components

## INTERESTS

Developer experience, local-first offline apps, performance  
Mechanical keyboards, quizzing & CS

## ACHIEVEMENTS

### Awwards

Site of the Day - [Mar 30, 2024](#)

### Advent of Code

Solved in Elixir and TypeScript

### React Day, India

[Building a greenscreen with React and HTML elements](#) and  
[The perfect dark mode](#)

### Google Foobar

Invited twice, cleared level 4

### Quiz club, NIT Warangal

General Secretary, authored and proctored dozens of quizzes

### HackerRank

Bronze and Silver in Week of Code

## LANGUAGES

Fluent in English, Hindi and Odia
